

Year 4 - Online Safety

What it looked like last year...

- Recognise Cyberbullying
- Know that it happens on a range of devices
- Identify adverts and targeted adverts online
- Create a Strong Password

What it looks like next year...

- Identify a Spam Email
- Understand what to do with a spam email
- Create a Strong Password using a set of rules
- Know that not everything you see online is true.

 Citation

Sequence of Learning

1. **Cyberbullying** (I will know how to report concerns online)
2. **Super Searchers** (I will be able to use a search engine accurately and safely)
3. **Copycats!** (I will understand what plagiarism is)
4. **Tao much Information?** (I will understand how to create a safe online profile)
5. **The Online Community** (I will learn how to be a responsible digital citizen)
6. **Cyber Superheroes** (I will be able to create an online superhero to share my knowledge of online safety)

Cultural Capital

- To be able to be able to prevent and deal with cyberbullying safely.
- The real life knowledge that links is: What to do when things go wrong, PSHE links to trusted people.
- The jobs it can be used in are: Cyber Crimes, CEOPS and internet safety jobs.
