

## Year 6 – Film Making

### What it looked like last year...

- Record and play their own sounds on recording software
- Import existing sound file into recording software to play
- Choose appropriate software for sound recording
- Plan and record a radio advert

### What it looks like next year ...

- This leads into the subject media studies where you get the opportunity to study how the media works and have more chances to make films and radio pieces.

### Vocabulary (definitions)

Film  
Production  
Pre-Production / Post-production  
Prop  
Copyright  
Source  
Close Up  
Documentary  
Zoom  
Import  
Upload

### Sequence of Learning

1. **Writing a Script** (I can plan an appropriate script)
2. **Research and Sources** (I can find appropriate digital content and I can credit a source)
3. **Filming** (I can use a digital recording device to film and import into video editing software)
4. **Interviewing** (I can plan and conduct interviews)
5. **Editing** (I can edit to create a short film)
6. **Publishing** (I can use video editing software to turn my short film into a movie.)

### Cultural Capital

- To be able to create and publish my own short film
- The real life knowledge links are: understanding how video editing software works and films are put together
- The jobs it can be used in are: Film maker, Film editor, TV editor, Cameraman.
